MEMORANDUM

From: Commanding Officer, Expeditionary Combat Readiness Center
To: All Redeployers of Expeditionary Combat Readiness Center

Subj: ECRC COVID-19 UPDATE #4

1. For your situational awareness, I have personally engaged with my Admiral COM NECC (one-on-one) and the NECC staff senior leadership on your behalf to get all of the base CO's current enhanced restrictions removed. I shared ALL the issues (in detail) and challenges associated with your current ROM situation.

2. Actions being taken:

a. The NECC COS is reaching over to the Commander, Navy Region Mid-Atlantic (CNRMA) counter-part to get the current restrictions removed. This is the base CO's boss.

b. If this effort fails, COM NECC will be making a call to the Commander CNRMA to discuss and get the current restrictions removed. When we know more on this issue, we will let you know as soon as possible.

3. HPCON Bravo: As of this update, we remain at HPCON Bravo.

4. Information Sharing: In our efforts to make sure we have the widest dissemination of information possible so each of you has access to this daily message, we will be posting these updates online (in addition to hand-delivering it to your door). See the below links should you want to access the electronic version:
